## LAKE NAIVASHA

Lake Naivasha, in Kenya's Nakuru County, is the highest of the Great Rift Valley Lakes and despite having no outlet, it is one of only two Rift Valley freshwater lakes. Fringed by papyrus and acacia trees, this gorgeous setting is a unique geologic landscape that supports over 450 bird species. The lake serves as the main drinking hole for wildlife in the area such as zebra, eland, hippo, waterbuck, buffalo and many more animals, allowing for some superb game viewing. Visitors can look forward to intriguing night safaris, and boating excursions around the lake as well as to beautiful Crescent Island for spectacular bird watching. Other popular activities include horse riding, village visits and tours to several impressive neighboring national parks.

## LAKE NAKURU NATIONAL PARK

Located in the Great Rift Valley surrounded by yellow acacia woodlands and bushy shrublands, the Lake Nakuru National Park was created to protect the Lake and its large flocks of Lesser Flamingo, which are drawn to the algae that flourish in the saline waters of this soda lake. The national park is inhabited by over 50 mammal species including hippo, black and white rhino, Rothschild giraffe, buffalo and eland. Known as a bird watcher's paradise, the park is home to over 450 bird species. Visitors can look forward to hiking through the scenic landscape, picnicking next to this magnificent lake, and spotting an array of wildlife on a game drive. Don't miss the opportunity to visit the beautiful Makalia Waterfall.

## MASAI MARA NATIONAL RESERVE

The Masai Mara together with Tanzania's Serengeti form Africa's most famous wildlife park, the Masai Mara National Reserve. The image of acacia trees dotting endless grass plains epitomises Africa for many, then add a Maasai warrior and some cattle to the picture and the conversation need go no further. The undeniable highlight of the Masai Mara National Reserve is undoubtedly the annual wildebeest migration traversing the vast plains of the Serengeti and the Masai Mara. It is known as the largest mass movement of land mammals on the planet – with more than a million animals following the rains. Large prides of lions, herds of elephants, as well as giraffes, gazelles and eland can also be spotted in the reserve. Aside from horse riding safaris and traditional vehicle safaris, hot-air ballooning over the Mara plains has become almost essential.

Experience the Masai people & culture in Masai Mara – The Maasai tribe is traditionalist and has resisted the urge to adopt a more modern lifestyle. As a nomadic people, a typical day in a Maasai village consists of cool and usually busy women and girls who set about milking the cows and goats, and attending to other chores.

## NAIROBI

Situated along the Nairobi River in beautiful Kenya, the capital of Nairobi is East Africa's most cosmopolitan city. It serves as an excellent starting point for African safari trips around Kenya. Nairobi is Africa's 4th largest city and is a vibrant and exciting place to be. There are some fascinating attractions: its cafe culture, unbridled nightlife, the National Museum, the Karen Blixen Museum and most notably, just 20 minutes from the city Centre, wild lions and buffalo roam in the world's only urban game reserve. Make sure you pay a visit to the elephant orphanage operated by the David Sheldrick Wildlife Trust for a once in a lifetime experience.
