## TOURIST ATTRACTIONS:

### OSAKA

- ◆ **Shinsaibashi Shopping Arcade** - A bustling shopping street filled with interesting shops and restaurants.

### ISE

- ◆ **Ise Shrine** - It is the head shrine of approximately 80,000 Shinto shrines in Japan and holds an especially revered status among them. Since ancient times, there has been a saying that "one must visit Ise Grand Shrine at least once in a lifetime," making it a shrine of great importance to the Japanese people.
- ◆ **Ninja Kingdom Ise** - It is a reconstructed castle town modeled after the original Azuchi Castle. In addition to trying out shuriken throwing and archery, visitors can also enjoy the "Ninja Forest Adventure," where you zipline through the forest, and a real-life RPG game, "Ninja Battle," where you play as a hero on a mission to rescue your kidnapped "sister." It's a theme park that both children and adults can fully enjoy.

### GIFU

- ◆ **Seki Traditional Swordsmith Museum** - The exhibits and materials in the museum provide a detailed introduction to Seki City's 800-year history of sword-making. During the monthly exhibitions and the Seki Cutlery Festival, craftsmen demonstrate the traditional techniques used in crafting Japanese swords.
- ◆ **Mino Washi Museum** - It is a facility that combines exhibition and hands-on experiences to showcase and promote the charm of Mino Washi paper. The museum displays the history, production process, and various products of Mino Washi, and also features an experience area where visitors can try making the paper themselves.
- ◆ **Gujo Hachiman Castle** - It is Japan's oldest reconstructed wooden castle, located atop Mount Hachiman in Gujo City, Gifu Prefecture. Originally built in 1559, the current castle keep was rebuilt in 1933. Renowned for its magnificent scenery, this mountain castle is often called the "Castle in the Sky," offering panoramic views of the city and surrounding mountains. Inside the castle, related artifacts are on display, and the top floor serves as an observation deck.

### MT. FUJI

- ◆ **Kawaguchiko** - Here you can find hot springs, exciting off-road adventures, unique museums, and panoramic views of the Five Lakes near Mount Fuji. On clear and calm days, you can see the beautiful reflection of Mount Fuji in Lake Kawaguchi.

### TOKYO

- ◆ **Hachiko Statue** - The story began in 1923, when Professor Hidesaburō Ueno of the Faculty of Agriculture at Tokyo Imperial University adopted a newborn Akita dog named Hachikō. Every day, Hachikō would accompany his master to Shibuya Station and wait for him to return home after work. Sadly, two years later, the professor passed away suddenly. Unaware of his master's death, Hachikō waited at the station for three days without eating or drinking. For the next ten years, although he was taken in by various families, he continued to return to the station daily, waiting faithfully. After his story was reported in the newspapers, a statue of Hachikō was built in his honor.
- ◆ **Shinjuku** - Centered around the Tokyo Metropolitan Government Building and a street lined with skyscrapers and office buildings, Shinjuku is known for its shopping and entertainment facilities. At its heart lies Kabukicho, renowned as the city that never sleeps, making it one of Japan's rare entertainment districts.
